

CASE PACKER-PALLETIZER TP710 FOR TWO-PIECE BOXES

With a great flexibility the Graniten case packer TP710 packs your products in two-piece telescopic shipping boxes and palletizes the boxes.

The machine has a very small footprint and an open solution with few moving parts and two pallet places.

Shipping box labelling and label control is standard. Reject and IPC functions are also standard. The machine features our unique short conversion time between different batches, close-to-zero (C2Z) changeover time.

Main Features

- Compact and open
